

CLA2 – SHAKER

- ➔ Place your shaker where you can feel it, under your pillow or cushion for alarm call.
- ➔ Ideal for people with hearing impairment, or those early morning calls when you don't want to disturb your partner.
- ➔ Connect the shaker jack into the socket located Geemarc Telecom or Sonic Alert.

SBE115 – EXTENSION TO THE SHAKER

- ➔ Compatible with all our alarm clocks.
- ➔ Wire length : 3m

CLA4 – DIRECT VIBE HANDSET

- ➔ If you have conductive loss, use the Direct Vibe handset, try placing the Direct Vibe handset on your temple, in front and slightly below your ear to see which position works best for you.
- ➔ By placing the Direct Vibe pulsator at one of these strategic places, sound vibrations travel from the pulsator, via bone conduction, to speech centre in your brain.
- ➔ To connect the Direct Vibe handset, disconnect the standard handset and then replace it with the new one.
- ➔ Compatible with the CL200+, CL400, AMPLIPOWER40/50™ and the CL600.
